

Bell Trophy Rules 2019

A team shall consist of FIVE players who may be drawn from the four handicap sections Scr – 5; 6 – 12; 13 – 20; 21 – 28.

In the spirit of the competition teams are expected to have at least one player from each section. Should this prove impossible then ***NO MORE THAN TWO*** players may be drawn from any one section.

Should a team have 3 players in any one section they will forfeit the third game of that section.

Higher handicap players may be selected in a lower handicap section but can only play off the maximum allowable handicap for the section they are selected in.

The team must play in handicap order (using exact handicap).

In the event of any team being a player short, they will forfeit that game.

The matches will consist of FIVE games played over 18 holes of Matchplay.

In the event of a drawn match, the game or games finishing square should play 'sudden death' taking their allocated strokes at the appropriate holes until a result is obtained.

The club drawn at HOME must give their opposition fair warning of THREE DATES, one of which must be in a different week from the other two and one of which must be on a weekend. (The week runs from Monday until Sunday).

The two teams must exchange order of team selection showing the current handicaps prior to play commencing. Any default in the order will result in loss of the game in which the default occurs.

A player may only represent ONE club in any given season.
